Tiznit, Souss-Massa

Summary

A Software Developer with entry-level experience, specializing in user interface design, application development, data security, and continuous improvement. Adept at identifying opportunities to enhance the user experience and develop new features to improve app functionality.

Professional Experience

Freelance Web Developer

Consult Immo Maroc • Tiznit, Souss-Massa

12/2023 - 01/2024

- Collaborated with Consult Immo Maroc, a real estate and tourism business, to create a dynamic website tailored to their specific needs.
- Designed and developed a user-friendly interface that showcased available properties, tourist attractions, and booking functionalities.
- Implemented features to enhance user experience, including search filters, interactive maps, and multimedia content.
- Integrated backend systems to manage property listings, bookings, and user accounts securely.
- Worked closely with the client to incorporate branding elements and maintain consistency with their business identity.
- Successfully delivered the project on time and within budget, contributing to the client's online presence and business growth in the real estate and tourism sectors.

These experiences have enriched my skills in project management, client communication, and web development within the real estate and tourism domains.

Full Stack Web Developer

Freelancer at Developyo • Agadir, Souss-Massa

10/2022 - 10/2023

- Independently managed multiple projects as a freelance Full Stack Web Developer under the brand "Developyo."
- Designed and developed responsive, user-friendly web applications for diverse clients.
- Demonstrated strong problem-solving skills to address client requirements and overcome technical challenges.

This experience honed my abilities as a self-motivated developer capable of delivering exceptional results in a freelance capacity.

Full Stack Web Developer

Internship at EDconcept24 • Agadir, Souss-Massa

04/2021 - 06/2021

- Collaborated with a team at a French company specializing in digitalizing businesses.
 - Assisted in developing and implementing web solutions for clients.
 - Contributed to improving user experiences and website functionality.
 - Engaged in troubleshooting and resolving technical issues.
 - Worked closely with senior developers to deliver projects on time and within scope.
-
